PROFESSIONAL EXPERIENCE

Aier Studios

December 2021–Present

Singapore / Europe

Real Estate Tech · MarTech · SalesTech studio

Founder (acquired by Kerria-AM/Jerikho IM group)

Builds software, data and AI for European real-estate owners, operators and advisory firms, plus MarTech and SalesTech for global brands such as **LEGO and Bosch Professional**. Clients and partners include **Kerria AM, Jerikho IM, Babylon, Mineral and JLL France**.

- **Company building.** Founded Aier and built and led teams across technology, product, marketing and commercial functions, delivering across **30+ markets**. Reached approximately **US\$1.2M ARR within the first year, before acquisition**, with **110%+ NRR** and gross margin above **50%**; acquired for **US\$3M** by the Kerria-AM/Jerikho IM group (Coliseum).
- **Post-acquisition growth.** Generated approximately **US\$12M in cumulative revenue since acquisition** across MarTech, PropTech and technology mandates.
- **MarTech.** Generated approximately **US\$9M in revenue** from global brand and technology programmes, including **Revolut, LEGO, Tiger Beer, Bosch Professional and PIF / Savvy Games Group**.
- **PropTech.** Generated approximately **US\$2M in technology and advisory revenue** for real-estate owners, operators and investors; those relationships subsequently supported approximately **US\$100M in property investment**.
- **Real estate investment & asset technology.** Designed and built acquisition, underwriting and portfolio systems connecting market evidence with NOI, CapEx, IRR/MOIC, leverage, refinancing and exit scenarios.
- **Asset repositioning & operations.** Built technology spanning spatial planning, adaptive reuse, refurbishment, project delivery, facilities workflows and workplace experience.
- **Property, investor & revenue systems.** Connected property intelligence with investor CRM, enquiry qualification, marketing automation and opportunity management; AI-enabled production reduced creative cost by approximately **60%** and halved brief-to-live time.

PROFESSIONAL EXPERIENCE

CBRE Asia Pacific

January 2016–December 2021

Asia Pacific · Singapore-based

Global commercial real estate services, advisory and investment management

Progressed from Strategy & Consulting through enterprise origination to regional technology leadership across Asia Pacific.

Regional Technology Lead, Asia Pacific

January 2020–December 2021

Ran CBRE's APAC technology business across seven markets, with responsibility for P&L, product portfolio, GTM, strategic accounts and regional delivery.

- **Organisation.** Scaled the capability from **2 to 50+ direct employees**, supported by a broader **250+ consulting and delivery organisation** across seven markets.
- **Product portfolio.** Took **18 enterprise products** to market across portfolio and location intelligence, workforce analytics, workplace planning, employee experience, lease administration, facilities and capital projects.
- **Commercial operations.** Set the commercial operating rhythm across seven markets: pipeline, forecast, pricing, account plans, partnerships, renewals, expansion and P&L.
- **Enterprise programmes.** Structured **US\$100K–US\$250K** technology and implementation engagements as entry points into larger multi-year programmes.
- **Delivery.** Owned the regional transition from sale to adoption across integration, localisation, permissions, UAT, implementation partners and client operating teams.

Associate Director, Advisory & Transactions, APAC

January 2017–January 2020

Owned enterprise development across workplace transformation, portfolio strategy and technology-enabled advisory, using consulting and technology mandates to open broader CBRE relationships.

- **Revenue origination.** Technology and workplace mandates opened relationships that generated approximately **US\$100M in annual revenue across broader CBRE service lines**.
- **NTT.** Originated the initial technology and workplace engagement with NTT, which developed into a broader Global Workplace Solutions mandate for CBRE valued at approximately **US\$1B**.
- **Enterprise pursuits.** Ran major RFPs and multi-market pursuits from executive discovery and solution design through business case, commercial negotiation and mobilisation.
- **Advisory.** Connected workplace, location, utilisation and portfolio decisions with finance, workforce and operating priorities for multinational clients across APAC.

Strategy & Consulting, Centre of Excellence

January 2016–January 2017

Helped build CBRE's APAC Strategy & Consulting practice across workplace strategy, portfolio analytics and organisational change.

- Co-built the regional practice from approximately **5 to 30+ people**, shaping its proposition, GTM, pursuit discipline and delivery model.
- Designed an occupancy-planning and portfolio-modelling application that translated workforce, property, utilisation and cost data into repeatable scenarios for enterprise clients.

Selected enterprise clients across tenure

NTT · Google · Microsoft · LinkedIn · Standard Chartered · HSBC · UOB · Singapore government organisations

PROFESSIONAL EXPERIENCE

D'Perception Singapore

2013-2016

Commercial interior design, workplace strategy and PropTech

Southeast Asia · Singapore-based

Associate Director, Sales & Marketing (Commercial Interior Design and PropTech)

Owned enterprise sales and marketing across workplace, commercial interiors and PropTech in Southeast Asia.

- **Originated and closed US\$35M+** of enterprise workplace, commercial-interiors and PropTech engagements across Southeast Asia.
- Ran pursuits from client origination and solution design through RFP, executive presentation, commercial negotiation and contract award.
- Built the commercial framework for the PropTech and technology-consulting business, including tender intelligence, conversion tracking and account-development systems.
- Operated the PropTech and sales business through an early **strategic investment by an international interiors group**.
